DISCUSSION & INSIGHTS

WEBINAR SUMMARY

In this webinar, providers will explore advanced strategies for managing patients with complex or treatment-resistant depression. The discussion will include a range of contemporary approaches and innovations in care, supporting clinicians in optimizing treatment outcomes. This session aims to deepen understanding and broaden the scope of clinical practice in challenging cases.

ABOUT THE SPEAKER

Dr. Frank is currently the Emeritus Chair of Psychiatry and Behavioral Health Services at Henry Ford Health System, transitioning from the chair in June 2024. She graduated from the College of Human Medicine at Michigan State University and completed her psychiatry residency at Massachusetts General Hospital. Dr. Frank is one of the principal authors of Zero Suicide Prevention. She is co-director of MI-Mind, an innovative CQI Blue Cross funded project designed to eliminate suicide in the State of Michigan. She currently serves on the Governor's Michigan Suicide Prevention Commission.
