

Medicare Coinsurance at Off-campus locations

Updated 7/1/2024

Note: If you have a supplemental insurance it generally covers the 20% Medicare coinsurance. Patients also eligible for Medicaid will not be responsible for most coinsurance. Coinsurance also applies in other settings, for example stand-alone clinics, but are usually lower than hospital coinsurance. Below is a list of coinsurance amounts for services commonly provided in Henry Ford's off-campus clinics. You can also get an online estimate or contact our Pricing Department if you would like assistance in estimating your out of pocket costs.
